Komori's apartment has led them to a dead-end. Yet, after days without a reasonable lead to Mari's whereabouts...one finds them. Mari has called home! Where has she been? And why did she decide to make contact now?

From Shuzo Oshimi, the best-selling author of *Flowers of Evil* and *Happiness*, comes a body swap tale with a dark twist.

"A body-swapping story that takes the idea of waking up in someone else's body seriously...The first volume was honest to the point of squirm-inducing, but it was also compulsively readable."
